Ananya Sharma

ananya.sharma@email.com | +91-98765 43210
Bengaluru, India

Skills

Python, SQL, Machine Learning, Pandas, Scikit-learn, AWS, Docker, Tableau

Experience

Data Scientist at InsightLabs (2022-2024). Built churn models with Python and Scikit-learn pipelines and cross-validation.
Wrote analytical SQL with window functions over event tables and shaped features with Pandas.
Trained and validated Machine Learning classifiers that lifted campaign response rates.
Shipped scoring jobs on AWS and shared notebooks through Docker images for the analytics team.

Education

B.Tech in Computer Science, IIT Delhi (2022)

Projects

Tableau dashboard tracking support-ticket themes for a telecom client.
Sentiment classifier over app reviews with Pandas preprocessing and Scikit-learn baselines.
