Rohan Verma

rohan.verma@email.com | +91-98111 22334
Hyderabad, India

Skills

Python, FastAPI, REST API, PostgreSQL, Docker, Git, AWS, MongoDB

Experience

Backend Engineer at ShipKart (2021-2024). Owned Python services built on FastAPI behind versioned REST API endpoints.
Modeled orders in PostgreSQL with careful indexing and tuned slow SQL queries.
Shipped Docker images through pull-request review and kept Git history clean with rebases.
Deployed canary releases on AWS and stored flexible catalog attributes in MongoDB.

Education

B.E. in Information Technology, Pune University (2021)

Projects

Rate-limited REST API gateway prototype in Python with Docker packaging.
Migration helper moving legacy tables into PostgreSQL with validation checks.
